

# CALGARY

# BIKE TO SCHOOL DAY

## JUNE 7 2016

## CALLING ALL PARENTS OF SCHOOL-AGE CHILDREN

Tuesday, June 7, 2016 is "Bike to School Day" in Calgary.

### Is there a cost?

There is no cost or registration required to participate in this event. Just plan to participate!

### Is there an incentive?

Children that ride to school have the chance to win one of many prizes that are being donated for this terrific event. All they have to do is email their name and what school they attend to [kkstewart@cbe.ab.ca](mailto:kkstewart@cbe.ab.ca) for a chance to win! If they win, the prize will be sent to the school that they attend. No personal information like phones or addresses are needed. Visit [calgarybiketoschool.weebly.com](http://calgarybiketoschool.weebly.com) for more details.

### Why is the event being organized?

This event is being put together in order to encourage more children to ride their bikes and to discover the freedom they can enjoy using their own two legs to get around without having to constantly use a vehicle. Most vehicle trips are within a 5km radius of your home and most schools are well within that range. It's also a wonderful way to encourage a healthy lifestyle without making it seem difficult or tedious. It will allow them to get to school in a better frame of mind and feel energized for a day of learning. It will give them a whole new dimension to the world that they live in and help build the community.

So let's have as many children participate as possible, and above all, let's have our kids enjoy the trip to school again!
